

## SnowDogg® Illuminator LED Plow Lights

Buyers Part Number: 16160800

Buyers Products SnowDogg Illuminator LED Plow Lights are almost twice as bright as standard halogens at half the power consumption.

- Twice as bright as standard halogen lights at half the power consumption.
- Long-lasting LEDs can go years without being replaced.
- Active Defrosting Technology keeps lights from icing up.
- The whole lens is heated evenly to prevent the banding/streaking common in other heated LED lights.
- Works with ALL new and existing Snowdogg plows.
- Backed with a two year warranty.
