

SnowDogg® VUT65 Snow Plow

Buyers Part Number: VUT65

Buyers Products SnowDogg VUT UTV Snow Plow packs the hydraulic scooping, angling, and lowering power of a full-sized V-plow into a package optimized for UTVs.

- The corrosion resistant 304 stainless steel moldboard never needs painted. A robust frame spreads impact across the entire blade to reduce wear on vital components. • Three laser-cut steel ribs reinforce each wing • 1/4 in. abrasion-resistant AR400 steel cutting edge • Aggressive 70° attack angle • Narrows to a 60 in. width in V position to navigate tight spaces
- Get your plow on and off your UTV in minutes with the dual foot pedal mounting system. Just engage the pedals, attach the safety pins, and connect the electrical.
- Each wing has an independent trip edge to protect your equipment from hidden curbs and obstacles without dumping the snow you're pushing.
- From the heavy duty lift frame to the fully enclosed hydraulic power unit, the SnowDogg VUT is built to endure whatever winter throws at you. • Powerful 1-1/2 in. lift cylinder • Double-acting 1-1/2 in. angle cylinders for powerful back dragging. • Fully enclosed 2 HP hydraulic power unit • Hefty 3/8 in. rubber hoses
- Intuitive in-cab controls are simple to use even with gloves on. The one-handed controller puts all plows functions in the palm of your hand. Wire reinforced blade guides also come standard.

Specifications

Angle Cylinders	1 1/2 x 1 3/4 x 8"	Angled Blade Width	60.0"
Blade Height	25/31"	Blade Width	72"
Cutting Edge	1/4 x 5"	Lift Cylinder	1 1/2 x 6"
Moldboard Material	304 Stainless Steel	Moldboard Thickness	12 Ga
Mounting System	Dual Foot Pedal Mount	Plow Type	V Plow
Ribs	6	Snow Deflector	Contoured Poly
Trip Springs	2	Trip Style	Trip Edge
Shipping Weight	400 lb
